

Security Summit Sponsorship

ATP is excited to announce our first Security Summit. In the wake of the mass transition to remote online testing, and building upon the wave of information about remote testing that has been made available over the past months, this two-day summit will include:

1. A **deep dive** into the specific test security and privacy issues at play when building and administering tests in a remote online environment; and
2. **Actionable steps** testing programs can take to address them

The Security Summit will be a two-part summit taking place on August 25th and August 26th from 10:00 AM EDT to 12:30 PM EDT (15:00 – 17:30 BST; 16:00 – 18:30 CET) each day. This summit will include two sixty (60) minute sessions each day with a 30-minute break in between each session.

Support the first ever security focused two-part series taking place virtually on August 25th and 26th, 2020.
